CAMELLIA CUTTING PRICE LIST and ORDER FORM

On the back of this page are new low prices of Camellia Cuttings, ranging from 1½c to 25c each, which are effective 15 June 1951. We will continue to lower the price of cuttings of higher bracket varieties as we develop sufficient stock of a variety to enable us to do so. It takes several years to build up any appreciable number of cuttings of a variety. You will notice that we have lowered the bracket (or group or class) of many varieties this year. You will also note that we have added a number of new varieties to the list. Use this convenient form for making out your order. Keep a copy of your order for your record. We will send you two more order forms when we ship your cuttings. All Camellia Cuttings are shipped packed in damp spagnum moss in corrugated cartons, which insures safe arrival. All prices are net, terms are cash with order, and we pay all the packing and transportation costs to you on all orders for \$10.00 or more. On orders for less than \$10.00, seventy-five cents is added to cover part of the packing and transportation costs. Please re-read the INSTRUCTIONS FOR ORDERING just before filling out your order. We thank you for the opportunity of again serving you.

No. 3: Twenty-five assorted Class A cuttings (3 varieties, each labeled) for \$1.65, postpaid.

No. 4: Class D cuttings, in lots of 5000 or more, @ 1½¢ at the nursery, or shipped Express COLLECT.

INSTRUCTIONS FOR ORDERING

Put down on this list (to the left of the name of the variety) the quantity (number) of cuttings desired of each variety. Add up these numbers in each column and then put down the total number of cuttings of that Group or Class in the space provided at the foot of that column of varieties. Put down the number of varieties (if any) in that Group or Class where less than the minimum number has been ordered, and figure the variety service charge at 10 cents a variety. (It is necessary to add a variety service charge to orders smaller than the minimum specified for each variety to enable us to pay for the high labor costs of getting only a few cuttings of each variety). Add the variety charge (if any) to the cost of the cuttings, and you have total amount for that Group or Class.

Now transfer these total amounts at the foot of each Group or Class to the COST SUMMARY below. If the total order is for more than \$10.00 we pay all the packing and postage costs. If the total order is for less than \$10.00, add 75¢ for part of the packing and postage costs, and you have the GRAND TOTAL, which is the amount to remit. Terms cash with order (except where credit ratings have been established with us). No C.O.D. please.

READ THE DIRECTIONS FOR ORDERING AND FOR FIGURING YOUR COSTS, WHICH ARE IN THE RIGHT HAND COLUMN.

In reply to the question frequently asked us as to when to put in Camellia Cuttings, we advise that they should be put in after each of the three growths is sufficiently mature, and before new growth has started again. We put in Camellia Cuttings to root, from the latter part of May to the early part of the following March. From June to the following February is perhaps the safest period for putting in Camellia Cuttings. Many people do not yet know that it is just as satisfactory to root cuttings from August to February from the second and third growths, as it is to root cuttings from the first growth, in June, July and August.

We sell only those cuttings which are in a state of maturity that we consider right for use in our own propagating beds. We will eliminate from your order the cuttings of the varieties which we consider are not in shape to cut at the time your order is received, and request that you indicate on the ORDER FORM on the back of this page whether you wish us to ship them later when available, or if you wish substitutions to be made (and if so what substitutions), or if you wish a refund for the varieties not currently available. We can not only supply you with Camellia Cuttings, but also with Rooted Camellia Cuttings, Camellia Liners, Lath Grown Camellias, and big Field Grown Camellias from three to ten feet tall, of which we have over 100 varieties from 10 to 25 years old. We can supply you with Azaleas, and Shrubs in general. Please write us what you would like to have. It will be a pleasure to serve you.

All claims must be made upon receipt of the cuttings. The terms and conditions of sale are the same as contained in our current price list.

ORDER FORM

(Date) _____

ABBOT'S SUNNY KNOLL NURSERY

Rt. 2, Box 182

Mobile, Ala.

Please ship the Camellia Cuttings as indicated on the back of this page. I enclose \$_____ which I figured in the Cost Summary (on back of this page) as my total cost, after reading the Instructions For Ordering.

Should any of the varieties I have ordered be not now available, please

- ☐ Substitute other varieties in the same Group.
- ☐ Substitute other varieties of the same color in the same Group.
- ☐ Substitute other varieties of the same color in the same or a lower Group, and refund me any difference.
- ☐ Send what is available now and send those not now available later.
- ☐ Substitute the varieties which I have marked "2nd Choice."
- ☐ Send me a refund for varieties not currently available.

The address to which I wish the cuttings sent is

Name _____
(Please Print)

Address _____
